

## FRESH AIR HELPED MEMORY OF STATE'S LEADING WITNESS IN DICKERSON MURDER CASE

And in Cross-examination Friday Remembers Con-  
versations He Had With Newark Men Which  
He Forgot Thursday---Sensation Caused  
by Illness of Young Woman  
Witness for State.

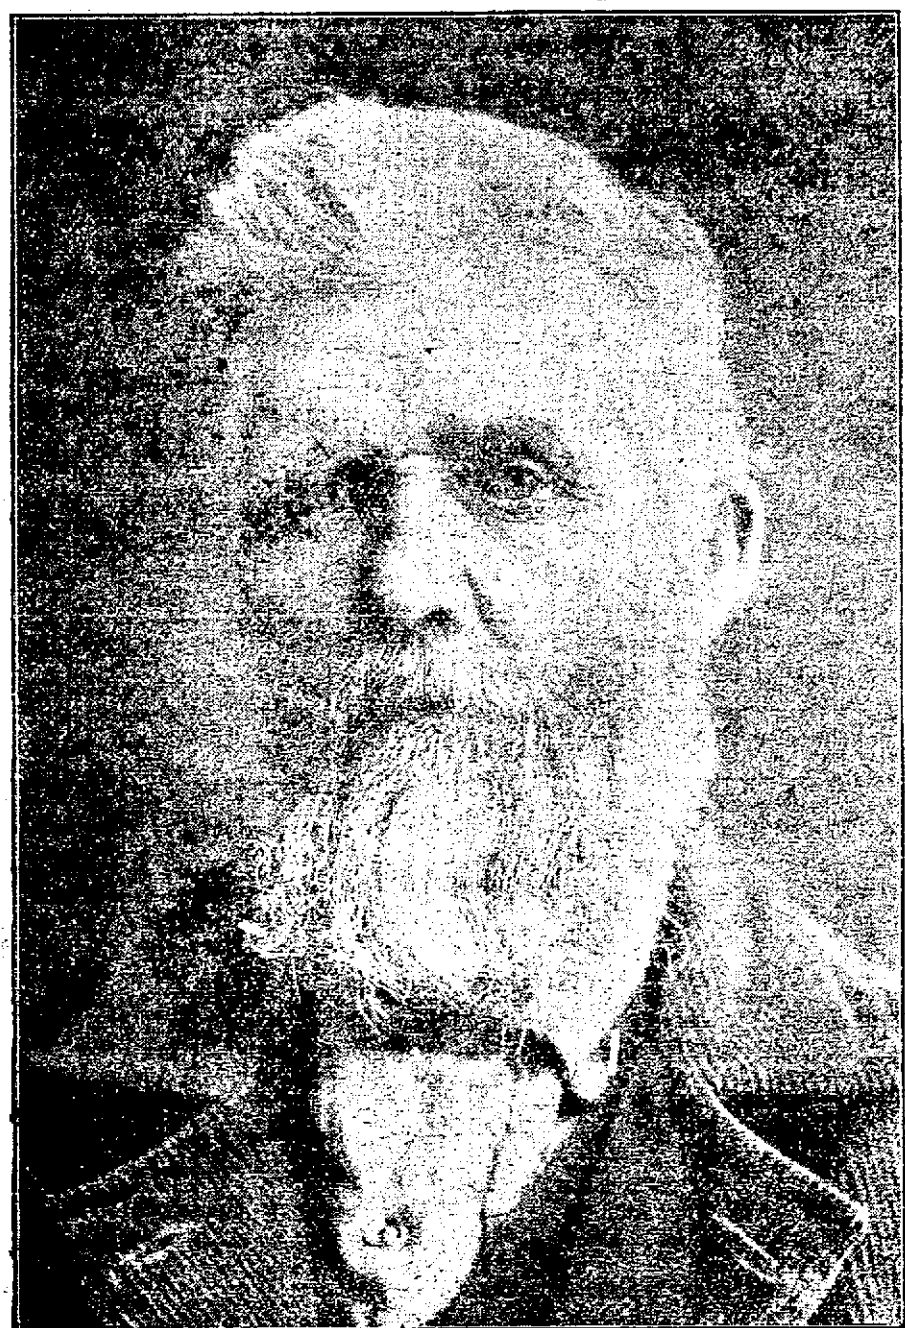

(Special to the Advocate.)  
Millersburg, Jan. 24.—At this morn-  
ing's session immediately after court  
had convened, Tom McCoy was sub-  
jected to a scathing redirect cross  
examination by Judge Voorhees, and  
turned a complete somersault.

Thursday, in giving his testimony,  
he said that he did not remember  
any of the conversations that he had

saw some water trickling down over  
a stone. I made for that and followed  
up the ravine to a spring.

"I saw a woman's bonnet lying  
there. It was pressed down into the  
leaves. I started to investigate. I  
saw a person just ahead of me by this  
forked sapling (pointing to the sapling  
in the court room).

"That person was Ben Dickerson.  
He was bending over an object with  
his back towards me. He sprang up

ance—Friday he Reversed Himself in his Testimony.

had with the men mentioned. Today  
his memory returned to him. He  
said that after he had gotten out in  
to the open air his memory came back  
to him. He said that he could re-  
member having had the conversations  
with the men, but that he was unable  
to remember what was said.

There will be no Saturday session  
of the court, neither will there be  
any night session tonight. Court  
adjourned at 3:30 o'clock this after-  
noon in order that the judge and  
witnesses could get to their homes to  
spend Sunday.

The big sensation of the trial to-  
day was when it became known that  
Bertie Cunningham, aged 17, and  
unmarried, an important witness for  
the state, had been taken suddenly  
ill Thursday night at 10 o'clock, and  
for that reason will be unable to be  
in court. Even the young woman's  
closest friends were unaware of her  
condition. It is alleged that a young  
man of Wapatomica is responsible,  
and it is quite likely that a warrant  
will be issued Saturday for his arrest.

Tom McCoy's testimony upon which  
the state principally relies, was in  
substance:

"On the morning the crime was  
committed I was driving from my  
farm. I was hunting for a hand to  
plow corn. I got into the public road  
and went east along the road and  
across a little stream west of the  
Dickerson home.

"I heard a scream. It was a very  
loud, sharp scream. It came direct  
from the course of the spring at the  
Hughes home. I stopped and heard  
another low scream. It was similar to  
the first, but not quite so long and  
shrill. I went up the road and got  
over the fence near the Dickerson  
house. I went from there to the  
Hughes home.

"I went past the Hughes home to  
a path and came to a ravine. I wanted  
a drink. I crossed the run again and

## NO MORE HEARING ON THE ROSE BILL

Columbus, Jan. 24.—There will be  
no more hearings on the Rose county  
local option bill. At a meeting of the  
Senate committee on temperance  
Thursday evening, by the vote of  
Senators Atwell, Sites and Harper—a  
majority of the committee—such ac-  
tion was determined.

An effort was made to secure a fa-

vorable report on the measure, and  
Senator Atwell made a motion to that  
effect, seconded by Senator Sites. The  
motion was lost. Senators Drake,  
Ward and Harper voting against the  
proposition.

Dayton, O., Jan. 24.—Homer Saum,  
25, employed for several years as a  
distributing clerk in the postoffice  
here, shot and killed himself today.

**TRIP AGAIN CALLED OFF.**  
Canton, O., Jan. 24.—Because of  
the extremely cold weather Frank P.  
Lahm whose balloon trip was post-  
poned from Thursday to Friday, has  
decided not to attempt the voyage  
before Monday.

## SCAR POINTED TO CLEARANCE OF MYSTERY

OF HEADLESS BODY FOUND IN  
CHICAGO ON LAST MONDAY  
AFTERNOON.

## BUT WOMAN IS FOUND

Thought Trunk Was That of Steno-  
grapher in Office of Western  
Baseball Magnate.

Chicago, Jan. 24.—One of the  
strangest Chicago mysteries in years  
—that of the "headless woman"  
whose body was found in Lake Michi-  
gan, at the foot of 60th street last  
Monday, seems in the verge of solu-  
tion.

The police, seeking the identity of  
the woman as the first step in unrav-  
eling the crime, had reasons for  
thinking the woman was Miss Jennie  
Fleschmann formerly a stenographer  
for "Tip" O'Neill, president of the  
Western Baseball league, who has  
offices in the Marquette building, ad-  
joining those of Chas. Comiskey.

Miss Fleschmann, who lived at  
21st street and Indiana avenue, has  
not been seen by her old circle of  
friends since last October. She was  
a blonde and is said to have answered  
well all the fragments of description  
that can be gathered from the nude  
and mutilated body washed ashore by  
the waves. The strongest ground for  
the suspicion that the body was that  
of Miss Fleschmann was in the ac-  
tions of two well dressed Jewesses,  
who told the undertaker before they  
viewed the body, that the best identi-  
fication they had was a scar on the  
girl's breast. The looked at the  
body and found the scar there. Over-  
come, they gasped, "That is Jennie."

This afternoon Miss Fleschmann  
was found alive in Chicago.

## THAW TRIAL ADJOURNED TILL MONDAY

New York, Jan. 24.—When court  
convened in the Thaw trial this  
morning Attorney Littleton asked for  
an adjournment until Monday. He  
explained that the steamer Adriatic  
with three of his best witnesses on  
board, is anchored off Sandy Hook,  
and cannot make harbor because of  
the storm, while Dr. Bingham, who  
was to testify, has not fully recovered  
from an attack of pneumonia, and  
could not come to court. Until these  
witnesses testify, Littleton could go  
no farther with the examination of  
his experts and could not complete  
his hypothetical question. Justice  
Dowling, the district attorney not op-  
posing, granted the request, and a  
recess was ordered until Monday.

## IN LIFEBOAT PASSENGERS ARE RESCUED

Amsterdam, Holland, Jan. 24.—The  
life boat Gouwze arrived today at the  
harbor of Holland with the missing  
passengers of the steamer Amsterdam  
who disappeared in a small boat fol-  
lowing the collision yesterday with the  
Amsterdam with the British steamer  
Axminster. The small boat was  
picked up along the coast.

After the collision the Amsterdam  
passengers were removed to the Ax-  
minster. The small boat went astray  
while this was being done and con-  
siderable fear was felt for the pas-  
sengers.

If a man were intended to be a  
kicker he would be born with four  
legs, like a mule.

## STUPENDOUS STRIKE THREATENED IN MANCHESTER COTTON MILLS

A TYPICAL SCENE IN A  
MANCHESTER STREET

Manchester, Jan. 24.—Lancashire at  
the present moment is on the verge of  
a disastrous industrial war, which, if  
not averted in the next few days,  
threatens to exceed in magnitude any-  
thing of the kind that it has previous-  
ly experienced, and yet the causes  
which have led up to this serious state  
of things seem to the outsider to be  
of a trifling character and easily cap-  
able of adjustment.

The negotiations between the con-  
tending parties were broken off on  
November 29 last and the operative at  
once changed their tactics by com-  
mencing sort of guerilla attacks on  
individual mills. Fifteen hundred op-  
eratives employed at two of the  
largest ring spinning mills in Oldham  
were brought out on strike, others  
followed and the operatives' leaders  
were prepared to extend this species  
of warfare in order to gain their ends,

when the Employers' Federation sud-  
denly made a gigantic counter blow.  
They resolved that in the event of  
the operatives persisting in their atti-  
tude and refusing to instruct the  
operatives out on strike to return to  
work they would order a general  
lockout.

At the time of writing the oper-

atives have made no move toward  
compliance, and if they hold out on  
Saturday over forty million Lanca-  
shire spindles will cease to run and  
140,000 operatives will be thrown out  
of work, to be followed a week later  
by the shutting down of something  
like 750,000 looms and the enforced  
idleness of another 150,000 operatives.

the board and the mayor, and from  
those successfully passing, the new  
chief will be selected. The oldest man  
in point of service who successfully  
passes will undoubtedly be the one ap-  
pointed by the Mayor, and the ap-  
pointment does not have to be con-  
firmed by the city council.

## JAS. SHERIDAN RESIGNS AS CHIEF OF POLICE

Takes Umbrage at a Reprimand Administered by  
Mayor Atherton and Turns Over City's Property  
to Captain Bell---Was Chief Under Former  
Mayors Crilly and McCleery.

James S. Sheridan, for the past five

years the chief of the Newark police  
department, Friday resigned his of-  
fice, his letter of resignation reaching  
Mayor Atherton about 10 o'clock this  
morning. The letter was very brief  
and mentioned no reason for his act.  
Officer Robert Zergiebel, No. 1, the  
oldest man in point of service on the  
force, was immediately appointed act-  
ing chief.

Mr. Sheridan received his appoint-  
ment as chief of the city police force  
from ex-Mayor Crilly, and has served  
under Mayors Crilly, McCleery and  
twenty-four days under the present  
mayor, Herbert Atherton. During his  
service he made a brilliant reputation  
for himself as an officer, and is known  
to all the police chiefs of the state.  
For several months past, however,  
there has been a good deal of friction  
among the men of the department and  
the chief.

The trouble has been brewing for  
a long time and while the action of  
Mr. Sheridan was not expected by the  
public at large, to those in the inner  
circles it came as no great surprise,  
although it was not expected today.  
Before going to his home Thursday  
night he turned his keys and other  
property owned by the city, over to  
Captain Bell, though no word of ex-  
planation was given.

His letter of resignation was very  
short and follows:

"Newark, O., Jan. 24, 1908.  
Mayor of the City of Newark:  
"Accept my resignation to take ef-  
fect the 24th day of January, 1908.  
Respectfully,  
JAS. S. SHERIDAN,  
"Chief of Police."

Probably the cause of the resigna-  
tion Friday was an argument that  
took place Thursday night, as men-  
tioned in another part of the paper.  
Officer George McClure was removed  
from his beat by the chief and sent  
to another beat, the officer thinking  
the change was made without cause.  
He reported to the mayor that he had  
been changed from one beat to another  
without cause and explained the situ-  
ation. Some nights ago, he, while  
making his rounds, found the door of  
James's restaurant to be unlocked, and  
made an investigation. As far as he  
could discover nothing had been dis-

turbed, but he reported the matter to  
Captain Bell.

In the morning he was notified by  
the chief that he would be sent to  
patrol another beat that night. The  
officer said he would resign before he  
would take that beat and then report-  
ed the fact to the mayor.

After an investigation Mayor Ath-  
erton decided the chief was in the  
wrong in the action he had taken,  
and told him so. He then ordered  
Officer McClure to patrol his old beat.

Soon after this the chief turned the  
property of the department in his pos-  
session over to Captain Bell and went  
home. He did not appear in police  
court Friday morning as was his cus-  
tom, and during the day he failed to  
show up at headquarters. An Advo-  
cate reporter called at the home of  
Mr. Sheridan, 35 Morris street Friday  
afternoon, but he was not at home,  
and nothing could be learned of his  
intentions for the future.

The board of public safety will meet  
Saturday and organize, and probably  
set a time for an examination for  
chief of police. This examination will  
probably be held within the next  
three weeks and any patrolman in the  
city is eligible to try for the office.  
The "exams." will be conducted by

## A MILLION DOLLAR FIRE DESTROYS FINE CITY HALL AT PORTLAND, MAINE, TODAY

Portland, Me., Jan. 24.—A fantas-  
tic pile of ice and glistening ruins is  
all that remains of Portland's beau-  
tiful \$800,000 city hall, which was  
totally destroyed by fire today. The  
fire was not controlled until it had  
done several thousand dollars worth  
of damage to the Chestnut street M.  
E. church and had threatened the en-  
tire business section of the city. The  
local property loss will probably  
reach a million dollars.

The fire started in the operating  
room of the city electrician, George  
V. Hardy, on the attic floor. Since  
the entire electrical system of the  
city is controlled from this office,

no public fire alarm could be rung,  
and it was not until an hour later  
that three alarms were sent in on the  
big fire whistle at the power house.  
Following this the crowds began to  
gather until at 4:50 o'clock every  
street and alley leading to the city  
hall square was choked with human-  
ity. It is probable that all the valu-  
able records and books of the munic-  
ipality as well as of Cumberland coun-  
ty, are lost in the fire.

At 1:05 the top of the enormous  
pile dome fell into Congress street, on  
which the hall faces, and 30 firemen  
and scores of policemen and citizens  
narrowly escaped death.

## TAFT WANTS NO CONTEST IN NEW YORK

WRITES LETTER TO THE COUNTY  
CHAIRMAN ASKING THAT ef-  
Forts FOR HIM CEASE.

## HUGHES HAS THE FIELD

Secretary Wants Same Course Pur-  
sued in Other States That Have  
Favorite Sons.

Washington, Jan. 24.—At the re-  
quest of Secretary Taft, there will be  
no canvass for delegates in New York  
State so long as Governor Hughes is  
a candidate for the Republican Presi-  
dential nomination. The War Secre-  
tary wrote a letter Thursday to Rep-  
resentative Herbert Parsons, chair-  
man of the New York County Com-  
mittee, in which he definitely urged  
that activity in his behalf in the Em-  
pire State cease now that Hughes has  
announced his willingness to enter the  
race. The Secretary's letter is as fol-  
lows:

"My Dear Parsons: I am aware that  
you and many other friends of mine in  
New York State, who are also friends  
of Governor Hughes, have hesitated  
as to the course to pursue in respect  
to the Republican nomination for the  
Presidency. I wish you and them to  
know that, so far as I am concerned,  
there should be no embarrassment in  
this regard.

"I have uniformly urged friends of  
mine not to attempt to divide in my  
interest the delegation from any state  
which has a candidate of its own.  
Since Governor Hughes has indicated  
his willingness to accept the Republi-  
can nomination, I now make the same  
request of you and my other friends  
in your state.

"Moreover, I would greatly depre-  
cate a contest which might imperil  
Republican victory in New York in  
November. Anything that I can do  
to avoid this I am anxious to do.

"Very sincerely yours,  
"WILLIAM H. TAFT."

## TOBACCO MEN HAVE A FIGHT WITH BANDITS

Owingsville, Ky., Jan. 24.—The re-  
ports of a one-sided battle in which  
two brothers and their wagon driver  
stood off a troop of night riders were  
received here Thursday. The broth-  
ers, Thomas and Munford Eberman,  
loaded up tobacco, five wagon loads,  
to be sent to a dealer in Mt. Sterling.

The caravan was met on the road  
by the band of night riders, mounted  
and armed. When the fearless grow-  
ers refused to turn back with their  
shipment the riders began shooting.  
Taking cover behind their wagons,  
the Ebermans returned the fire and  
made it so hot for the horsemen that  
they withdrew. None of the defend-  
ers were injured, but pools of blood  
in the road where the riders made  
their stand showed that some of them  
had been wounded.

**New Optician in Newark.**  
Dr. F. C. Hunt of Jamestown, N. Y., has just purchased of Mr. William Darks, the well known Lichtig Optical company's business on the north side of the public square. Dr. Hunt arrived in the city on Wednesday and is now in possession. He comes highly recommended as an optician. He has had almost a life time experience in the business and thoroughly understands it in its every detail. He is a married man, with a wife and three children, and will be a welcome addition to the business interests of Newark.

**Central Church of Christ.**  
The sudden cold wave made a marked difference in the audience last night, but a goodly number of people braved the cold that they might have a part in the sacred services. Insofar as it is possible our meetings should now be of first importance with all disciples. Do not fail to be present tonight. The pastor will speak on "Moral and Positive Law, or The Test of Faith." All of

the sermons are fitted with Bible teaching and an honest endeavor to ascertain the mind of the Spirit. Everyone is invited.

**Review Club.**  
Mrs. William Zentmeyer will entertain the Review club Saturday afternoon at her home on Main street.

**Notice to Masons.**  
A special meeting of Newark lodge No. 27 F. & A. M., will be held in the lodge room, West Main street, this evening at 7 o'clock. Work in the E. A. degree. Stereopticon lecture.

**Sunday Club Discussions.**  
The Sunday club discussions began auspiciously at the Y. M. C. A. last Sunday afternoon. Among the questions to be discussed next Sunday will be "Can a Man be Too Sociable?" Fellowship lunch follows.

**Revival Interest Increases.**  
The interest is still growing in the services at the Baptist church. An earnest disposition is manifest in the preaching, the praying and singing to secure the help and power that is promised to those who diligently seek the Lord. The welcome is extended to all who will come. No services Saturday night.

**Mr. Baum's Father Ill.**  
Manager A. J. Baum of the Orpheum theater will leave Saturday for Saginaw, Mich., having been summoned there on account of the serious illness of his father, who sustained a paralytic stroke. During his absence the Orpheum will probably be in charge of a gentleman from the head office in Springfield.

**Eli Hull's New Building.**  
Vernon Redding, the architect, who prepared the plans for the new high school building, has just completed a drawing for the six story building which Eli Hull proposes to erect where the Sparta store now stands, beginning April 1. The front elevation may be seen in the window of the Newark Trust company.

**Licking County Man Honored.**  
Mr. Myers Y. Cooper, a former Licking county young man, whose home was near the village of St. Louisville, has just been elected president of the Norwood National bank at Cincinnati. Mr. Cooper left Licking county about 15 years ago and has been successful in the real estate business in the Queen City. The officers of the bank have voted to go ahead with the erection of their \$60,000 structure.

**Clothing Case Dismissed.**  
The mixed case of George H. Capps vs. E. Proper, and E. Proper vs. George H. Capps, is among the things of the past. The mayor listened to the cases this morning and then discharged both sets of prisoners. Capps was arrested on a warrant sworn to by Mr. Proper, who

thought he was trying to avoid paying a bill. Proper was then arrested on a warrant sworn to by Mr. Capps who charged him with assault.

## DICTATOR WAS MARKED FOR DEATH

AND ADVANCED REPUBLICANS INTENDED TO OVERTHROW PORTUGAL MONARCHY.

Coup d'Etat Was Planned at Time of General Festival—Police Arrest the Leader.

Lisbon, Portugal, Jan. 24.—An abortive attempt to overthrow the monarchy and proclaim a republic was nipped in the bud by the prompt action of the government. The plot was organized by a small group of advanced Republicans. As near as can be ascertained the plan was to assassinate Premier Franco and then, supported by secret Republican and labor organizations armed with bombs and revolvers.

The conspirators intended to take advantage of various festivities to carry out the coup d'etat. The royal family were at Villa Tivola. Most of the army and navy officers who were in the city were attending a gala performance at the theater.

The police discovered what was in the wind and they raided a house where the ringleaders in the plot were conferring. When they broke in the doors the lights were extinguished and in the confusion that followed most of the conspirators managed to make their escape. Several of them, however, were captured, including the leader, Joao Chagras, a Republican journalist. A case of revolver and bombs was found in the cellar.

A general alarm was immediately sent out and while the prisoners were being taken to jail rooms began to appear from all directions. A squadron of cavalry was placed about the Premier Franco's residence and the night was passed without further incident.

Up to date about 40 conspirators had been arrested. The police have secured evidence of another revolt planned to take place January 31.

## WM. H. WEAVER

FORMER TEACHER OF MUSIC IN THE NEWARK SCHOOLS, IS DEAD.

Had For a Long Time Been Suffering From Stomach Trouble—Other Deaths and Funerals.

William H. Weaver, aged 53 years, residing one mile south of Chatham, died early Friday morning after suffering for the last three years from heart trouble and a complication of diseases.

He is survived by his wife and two children, Ruth Eleanor, and Paul Vandergriff Weaver, and three brothers and two sisters, they being Addison, Benjamin and Charles of near St. Louisville, Mrs. Sarah Scott, of that village, and Mrs. Ada Coulter of Newark.

Mr. Weaver has been engaged in farming for the past seven years, and previous to that time was a teacher of music in the public schools of Newark and Zanesville. He was a highly respected gentleman, a valued neighbor and was esteemed by all who knew him.

The funeral will be held from the residence Monday morning at 10:30 o'clock, Sunday time. Rev. Mr. Hart of Columbus will officiate, assisted by Rev. Mr. Harbaugh of Chatham. Interment will be made at Cedar Hill cemetery.

**MILFORD M. RECTOR.**  
Milford M. Rector was born December 10, 1830, in Fagauque county, Virginia. When he was a mere child his parents removed to Muskingum county, Ohio, where they lived until he was grown. He was married to Mary Ann Toothman March 30, 1854.

To them were born eight children. He died at his Licking county home and the old home of his father, January 17, 1908. He is survived by the widow, five children, and 13 grandchildren.

The funeral services were held on Sunday, January 19, 1908, in the Pleasant Hill Baptist church, Perry township, Licking county, Ohio, and were conducted by Rev. Grant Porter, pastor of the church which was the church of his parents' choice, and of which his parents were both members for several years.

Mr. Rector was a lifelong Democrat and a reader of the Advocate for 25 to 30 years.

## COURT ROOM IS CLEARED

When Audience Cheered Witness Who Took Offense at Counsel's Impertinent Question.

Anderson, Ind., Jan. 24.—During the trial here of Shirley Doyle, aged 24, charged with having cut the throat of Lida Scott, aged 22, and then attempting suicide, Judge McClure suddenly stopped the examination of Martin Doyle, a brother of the prisoner, to exclude 600 spectators from the court room because the audience cheered when he presented a question of Attorney Bagot for the defense.

Martin Doyle, to whose home Shirley Doyle took Miss Scott after having slashed her throat, is a witness for the state. Attorney Bagot inquired of him "he was not the man who recently went to Cincinnati, accompanied by his niece, and registered as husband and wife." Doyle said, "I do not. Is that any of your business?"

## FORAKER HURT BY THE ACTION OF HIS FRIEND

SENIOR SENATOR SURPRISED AT THE DESERTION OF EDITOR HARDING.

But Says It is Only a Case of "One Man Dropping Out" and Will Continue Fight.

Cincinnati, Jan. 24.—Senator Foraker was somewhat hurt by the news that his staunch friend and supporter, ex-Lieutenant Governor Warren G. Harding of Marion, O., had deserted him in the present crisis. When asked about the matter, the senator said:

"I was greatly surprised by the action of Governor Harding. I had no idea that he thought of taking such a step. I supposed he in common with all my other friends, not only knew, but approved the position I had taken in regard to the call for primaries, namely, that the terms and conditions of the call were illegal and so burdensome as to make compliance with the requirements of the call practically impossible. He is entitled the same as any other man to his own views, but in this case, as in all other cases, it is simply one man dropping out. The contest will go on all the same. If we do not get rid of the call for the supreme court, and get a fair call as a substitute for it, the contest will be continued in the districts."

It has not been decided when Senator Foraker will return to Washington, probably about Sunday or Monday.

## ADJUSTED

SOME DIFFERENCES THAT HAVE CAUSED FRICTION IN POLICE DEPARTMENT.

Officer McClure Restored to His Beat on the South Side—Police Court Items.

The mayor held a little seance in police headquarters last night with the officers and men of the police department, and gave them a few ideas as to how he wanted things run. He said that for some time past there has been a friction, and the men of the department have not been working in harmony. This state of affairs he wanted readjusted, and would do all in his power to straighten out the tangle.

Officer McClure, who had been taken off the south side of the square and given another beat, was put back on his old territory by order of the mayor, and Officer Abbott, who had been substituted for him on the square, was returned to his regular beat.

Officer Charles Swank, night turnkey at the city prison, was off duty last night on account of illness. Officer Greeley acted as turnkey in his place.

Barney Gilmore, not the actor by that name however, swore out a warrant Thursday afternoon for the arrest of Guy Good, who, Gilmore claimed, assaulted him. The two men were having a small sized argument over the qualities and quantification of a certain "Jedge, sah," and the argument became so torrid that Gilmore says Good bit him and he took the cent. The mayor, acting as referee, sent his second, Officer Zergiebel out, and as a result of the officers going, Good was soon riding to the red brick on East Main. He was later released on bail and appeared in this morning's court. A conversation contest was then held and Good drew the prize, \$1 and costs.

Young Harry Buckingham, alias George Buckingham, who was arrested Wednesday on a warrant sworn to by William Fisher charging him with attempting to force open a cash register at the Krupp place, was given a fine of \$5 and costs.

One plain drunk was arrested at 6:15 last night by Officers Burke and Brown. The usual \$1 and trimmings.

## HOW RELIABLE IS SUCH INFORMATION?

In an article under flaming headlines making lavish and fulsome praise of the magnificent work that had been performed by the late Republican Service Board in constructing the new water works plant, the American Tribune on the 17th of October, 1907, said:

"The pumping station is now nearly completed, while the laying of the pipes will be finished within a few days, and it is expected that by the first of November, the new water works system will be in operation."

According to present developments, the pumping station will not be completed before next April, and when the new water works system will be in operation it would be very unsafe to predict at the present time. Is the above statement, therefore, "as close as the A-T. can get to the facts of anything?" Or was the A-T. deceived by one of those frequent misleading statements that came from the president of the late Service Board? If so, how reliable is anything that comes from that source, either then or at the present?

When the American Tribune says that it is the desire of ALL the Republicans of Licking county that a solid Taft delegation be sent to Columbus, it makes a statement that is denied by hundreds of Licking Republicans. Taft is not the unanimous choice of the Republicans of this county. Union labor is against Taft and when the primaries are held it will be found that the War Secretary's following in the county is not as large as has been claimed in certain quarters.

The President has appointed William A. Ashbrook, of the Seventeenth district, a member of the Assay Commission. The Commission, which consists of fifteen members, selected from the different states, will meet in Philadelphia, February 12. The duty of the Commission is to examine and test the weights and finances of U. S. coins, and to inspect the count of the mint.

The esteemed American Tribune frantically denies that Mr. Conrad introduced the ordinance for the submission of the \$200,000 proposition for the purchase of the old water works. But the A-T. knows very well that Mr. Conrad favored and supported the ordinance, and

therefore its denial is decidedly far-fetched, and in no sense lessens the paper's inconsistency in its unjust and uncalled for assault upon Councilman Kuster.

In its article on the water works question of last Tuesday evening, the American Tribune said:

"The opponents of the \$85,000 issue want to delve into history and desire to have exposed the original workings to secure the first bond issue, they can have their desire and may learn more than they might wish."

Now if the American Tribune has anything up its sleeve, let it come forth with its expose. If any parties have been guilty of committing a wrong that the public ought to know, let the facts be given as to who they are and what they did. Though it be "ancient history," don't hesitate at a little thing like that.

The report that has been industriously circulated by the Taft men that Foraker had given up hope of getting a look-in at the State convention, has not lessened the fight being made by his friends and adherents here in Licking county. They are making lots of noise, and are giving the Taft crowd a whole lot of trouble.

The American Tribune is constrained to enquire what is the cause of the Advocate's "sudden activity" in the water works matter? And the Advocate would like to know why the American Tribune has printed in the last three weeks ten columns on the subject to the Advocate's one. What is the color of the "gentleman" in the A-T's "fuel depository?"

## INQUIRER STILL AFTER IMPORTANT FACTS AND FIGURES

Editor Advocate—When the writer read the statement of W. C. Christian last September that the completion of the new water works plant would cost \$241,000, he put the question to the Advocate, why he had previously asked for a bond issue of \$281,000. Christian offered in answer an explanation that did not explain. He made the claim that changes had been made in the plans of the consulting engineer who was then and is now in the employ of the city. According to that answer on the part of Christian he claimed to be able to cut down the engineer's estimates on some three items that reduced the amount necessary to complete the plant to \$241,000. Christian's claims did not make a very good showing as to the capability of the consulting engineer, to say the least.

But even admitting the correctness of Christian's last estimate of \$241,000 as per his tabular statement last September, I am now led to ask the further question as to what is the propriety of undertaking to complete the water works plant by a process of issuing bonds to the amount of \$281,000 per year, which will require three more years to get sufficient money to complete the plant. And why is it necessary to railroad any ordinance through the council until it is ascertained by proper estimates what the completed plant will cost? Does the late Service Board president still think that \$241,000 is required to complete the water works plant?

## SAME CONDITION AS IN LICKING

Mansfield, Jan. 24.—There is trouble in this neck of the woods. Some are blaming it onto Uncle Bill Capeller, who is looking as innocent as his years and experience and past political sins will allow and claiming to be a wronged child.

"Thursday there was what is termed a 'Republican mass convention' held, at which nine delegates and nine alternates to the Republican state convention were selected. Also, there was a committee on ways, means and claims appointed, which is even now on its way to Columbus to show Mr. Vorys why the newly selected set of delegates should be recognized and given a position right up in front at the state convention."

A mass convention held yesterday there were, according to some accounts, 120 patriots present. According to others there were several times that many. Take your choice. Several Taft men appear among the delegates chosen. Four of them have already said that they would not serve. Among the four is Huntington Brown, mayor and anti-Capellerite.

## HON. W. A. ASHBROOK

Introduces Joint Resolution in Congress for a Monument for ex-President Tyler.

Washington, Jan. 24.—Congressman Ashbrook of the 17th Ohio district has introduced in the House of Representatives a joint resolution for the erection of a monument for ex-President John Tyler. The document is as follows:

Joint resolution for a monument for ex-President John Tyler.

Whereas monarchies provide memorials for their rulers by burying them in national mausoleums, abbeys, or other places, wherein the fact of their having been the chief executive ruler of the land is thus openly blazoned to the whole world, and

Whereas it is equally fitting and proper that the last resting places of the Presidents of the American Republic should have an equally fitting tribute of respect; Therefore

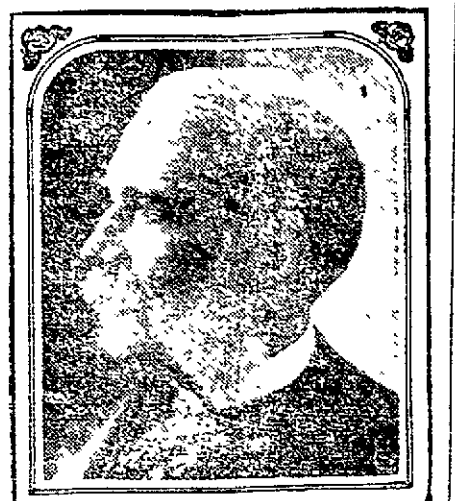

1. Resolved by the Senate and House of Representatives of the United States of America in Congress assembled, That the sum of twenty-five thousand dollars be, and is hereby appropriated, out of any money in the Treasury not otherwise appropriated, for the purpose of erecting a suitable monument over the grave of John Tyler, ex-President of the United States, in Hollywood cemetery, Richmond, Virginia, which said sum shall be expended under the joint direction of the President of the United States and the committees on the Library of the Senate and House of Representatives of the United States, who shall have the management and control of the erection of said monument; Provided, That the President of the United States and the said library committees may accept from the State of Virginia, the board of trade of the city of Richmond, or any patriotic society of the United States any additional sum of money, which may be used by him, the President of the United States, and by the committee on the Library, as an additional fund for a larger and better monument, but in no case shall the liability of the United States be made to exceed the sum of twenty-five thousand dollars herein appropriated.

## CHARITY

WAS THE PREDOMINANT VIRTUE THAT GUIDED THE LIFE OF M. K. JESUP.

Benefactions Were Innumerable and Philanthropy Unmeasurable—Death of Noble Man.

New York, Jan. 24.—Morris K. Jesup, banker and philanthropist and one of the most noted and successful American business men, died at 2:10 o'clock Wednesday morning at his residence, No. 197 Madison avenue of a chronic affection of the heart. He had been confined to his bed for two weeks, but had been a sufferer from the complaint for two

MORRIS K. JESUP

years. The funeral services are to take place Saturday morning.

Mr. Jesup was born in Westport, Conn., June 21, 1830. He became a member of the Chamber of Commerce in 1862, and was elected president of that body eight times. In recent years Mr. Jesup has not been actively engaged in business affairs, although he has taken a deep interest in the affairs of the city.

In 1905 Mr. Jesup was signally honored by the Czar of Russia. Commander Peary received great help from Mr. Jesup in fitting out his Polar expeditions.

Though a recognized helper and worker in all undertakings for the advancement and uplifting of humanity, it is in the realm of charity that Mr. Jesup was best known. As president of the Five Points House of Industry and trustee of the Haft-Orphan Asylum, his value cannot be estimated.

In connection with the New York Mission and Tract Association and the American Sunday School Union, of which he was president, Mr. Jesup showed his Christian fervor in the recommendation of suitable literature and the dissemination of the same to proper channels.

In donations for the building of the new Chamber of Commerce in New York City, Mr. Jesup headed the list, with J. Pierpont Morgan second.

## RAILWAY AFFAIRS

Will Leave B. & O.

It is rumored that there are soon to be more changes in the B. & O. official family, among them the retirement of G. L. Potter from the third vice presidency of the road to resume service with the Pennsylvania system. It is thought he will soon be heard of as one of the vice presidents of the Pennsylvania. Potter has simply been representing the Pennsylvania holdings in the B. & O. during his connection with the latter road. Since the Pennsylvania holdings have been sold to the Harriman interests there seems to be no longer any need of his services with the B. & O.

B. & O. Announce Reduction.  
Baltimore, Jan. 24.—Attributing the action to depression in business, resulting in largely decreasing railroad earnings, the B. & O. railroad company announced last night a reduction of 10 per cent in the pay of all officers and employees receiving over \$166 per month and bringing down to \$150 all monthly salaries between \$150 and \$166 per month. The cut becomes effective Feb. 1.

Will Issue New Tariff.  
The Ohio railway commission has reached an agreement with the management of the Columbus, Delaware and Marion line for correction of the evils complained of by Dr. D. C. Sanor in his recent charges of discrimination in rates among points lying between Columbus and Flint. It is understood that a new and more equitable tariff sheet will be issued by the road for the purpose of remedying the defects complained of, if possible, so as to conform to the railroad rate law.

## ST. PAUL ROAD TO OPEN MONTANA LINE

Important steps in the progress of the coast extension of the Chicago, Milwaukee and St. Paul railway are announced by F. A. Miller, general passenger agent. Train service was established January 12 to Marmarth, N. D., and at the same time local service was put on between Harlowton and Musselshell, Mont., 92 miles apart.

Work has advanced so rapidly that trains will probably be running between St. Paul and Butte some time in May or June. By the middle of February it is expected that most of the construction work will be finished.

Marmarth is about 200 miles west of the Missouri river. While construction crews are advancing westward from this place others are working eastward along the Musselshell valley. According to present plans the Milwaukee and St. Paul's coast extension will be completed to Seattle early in 1909.

## OLD POLITICIANS PRAISE FINESSE OF SECRETARY TAFT

Washington, Jan. 24.—Secretary Taft's letter to Representative Herbert Parsons, caused old political war horses to gasp with amazement. Now they are all declaring it one of the cleverest maneuvers ever pulled off on the political chessboard. It means, according to Taft followers, that if Taft does not win on the first or second ballot, he will be thrown the combined strength of the favorite sons when the latter discover that one of them can not get the prize. By this show of magnanimity the secretary is certain to win the friendship of the field. The secretary read to Vorys, his manager at Columbus, the letter over the long distance telephone.

Vorys is said to have objected strongly. Although Taft's followers assert that the idea originated with the secretary alone, there are many who believe that it had its inception in the astute political brain of President Roosevelt, where the idea was incubated. However, this is of little consequence. The combined strength of favorite sons is placed at 256, consisting of the votes of Pennsylvania, New York, Indiana, Illinois and Wisconsin, leaving out Ohio. These 256 would help Taft or any other candidate wonderfully. The winning candidate must have at least 491.

**Women's \$8 to \$12  
Early Spring Skirts  
Now \$5.98**

Think what this means! Can you really conceive that we mean to sell \$12.50 skirts for \$5.98. We really do, forerunners of spring styles at that.

In all our wide experience in the retailing of Women's Garments we have never seen anything like this, and you'll say the same thing when you see them.

They are made of Panama, Imperial Serge, Worsted, Hairline Suitings, Mohairs, Plain Black, Navy, Brown, Gray, Checks, Overplaids and Novelty effects.

Styles are the most sought for including the full flared gored skirts, the plaited, the cluster plaited with self folds or taffeta silk folds or strapping. All strictly tailored, cut full and hang perfectly. More than half are plain black.

## FEMININE TOPICS

**HOW THE QUARREL BEGAN.**  
Young wife (at home)—Hello, dearest!  
Young Husband (at the office)—Hello! Who is it?—Puck.

Living costs go much more than formerly that it is a wonder some people are able to keep up, especially the catelers. It is true that nothing is cheap to you if you don't need it, but by constantly looking over the ads., you are bound to find many things you need and at a considerable saving. For example, turn to the Powers-Miller ad. in this paper. Just think of it. Up to thirty dollar suits for ten, and handsome black dress skirts that were twelve dollars for a little over five dollars. It certainly pays to watch the papers.

There's no denying that paradoxical as it may sound, to be quite up to date the woman of today must have more than a hint of antiquity in her

dress. Not content with the clinging, short-waisted costumes of the Empire period she now skips some centuries and resurrects the schemes of dressing of the ladies of ancient Greece. These she nonchalantly adapts to the possibilities of today's modes.

That big closing out sale at Long Bros. begins Saturday. Make your arrangements to be on hand.

There is an exquisite charm about a neatly dressed woman. She does not wear her hair as if it is just about to fall on her shoulders. Her gloves are not ripped at the seams, nor are any buttons missing from her boots. Her veil does not reveal a hole over her chin, nor does the binding of her skirt show ragged in places. The well groomed woman considers that neglect in these little things is full of shame to woman-kind.

Hardly had Feminine Topics left the press last Friday when dealers began to have calls for Almondo C. me. It is rumored that the enterprising druggist, F. D. Hall, has already secured the agency for it.

Sleeves, I hear, are growing longer each day in Paris. Lace ruffling coming down to the knuckles is a becoming fashion and one being rapidly revived.

Best you forget we would remind you that Linehan Bros. have a fine line of children's shoes, which they are selling at a very low price at the present time. They cater especially to the little folks and give them lots of time to see "if it hurts anywhere." Take them in today to Linehan's.

The day of side combs is past. When they are worn at all they are often entirely hidden by the coiffure. When necessary the barrette is used, but this is omitted when possible, and the large back comb nestles among the puffs instead of below them as was once the fashion.

Dressmakers cut their cloth to fit your figure, don't they? And if the dress is "a dream" they get the credit but if it looks "sloppy" then they're blamed, aren't they? Usually, credit or blame should be given the corset for that is the foundation of the costume. Henderson corsets are the proper foundation for a perfect fitting costume. These corsets, while extremely stylish, are comfortable and more durable than any other. To be had at the Powers-Miller store. They cost no more than the common kind.

Before your little girl is out of the nursery, and certainly before she has reached the primary school age, you should begin to teach her a few light household duties and to encourage her to wait on herself. The number of helpies, spoiled children that one constantly sees is really appalling.

I suppose you read all about the Long Bros. big removal sale in their Tuesday's advertisement. Every woman who loves a bargain will be interested in this sale which begins tomorrow.

Torador ties of green satin or silk are fashionable. Ties are very simple, quite fitting in the front of the jacket, and it is a tad to have a belt of exactly the same shade of kid to match.

French women have taken up the combination of fur and black satin with great enthusiasm. Shawl collars of black satin are seen on many coats of various kinds of furs. These col-

lurs are very large, turning down over the shoulders almost to the sleeve tops. They are not so becoming as collars of fur, but what will you? They are "the fashion!"

Ladies, did you ever stop to realize how much annoyance you could save yourself if you paid all your household and personal accounts with checks. There can never be any dispute as to payment when checks are used. One of these flexible little check books rolled up in your pocket book when shopping will save you the worry of losing a roll of money or carrying heavy currency, or even the waiting for change, while the bill is unalterably settled. Whether your account is large or small at the Guardian Savings and Trust Company you will be shown the greatest courtesy and consideration.

To remove dust from silk skirts do not use a brush, but wipe them with a piece of velveteen, which will not wear the silk and will remove the dust much better than a brush.

Fresh vegetables and fruits and lively flowers are among the attractive things noticed at Miller's at 12 East Park.

"LANK" RITTER**

**SITTING IN A BUGGY WITH A  
FRIEND WHEN THE SUICIDE  
MONS CAME.**

Was Very Well Known to Hundreds  
in Newark and Was Very Popular Man.

Mr. Samuel M. Ritter, better known to many of his friends as "Lank", expired suddenly Friday morning, death being attributed to heart disease.

Mr. Ritter accompanied by Asnton Mills, left Bruno, where the former was employed at the Schrader hotel, in a buggy and had intended driving to Hebron to catch the interurban car for this city. When within a short distance of that village Lank gasped once or twice, his head sank forward on his breast, and Mr. Mills saw that his friend had passed into the great beyond. Medical aid was soon reached, but life was extinct.

"Lank" Ritter was known to many people in this part of the state, who have visited the reservoir at Bruno, having been employed at the Schrader hotel for some time. He was a genial, big, whole souled fellow, who numbered his friends by legion. He formerly conducted a restaurant in this city, on Second street, and was later engaged in business in East Newark. He will be greatly missed by many and his sudden taking off was a great shock to those who knew him.

Mr. Ritter was a member of the German Benevolent Society and also the German Life Insurance Association. He leaves one brother, George, of this city, and five sisters, Mrs. Moses Bryson, Mrs. Myers and Mrs. Eisinger of this city, and Mrs. Jan Richardson and Mrs. Orr, residing in the country.

No arrangements have been made for the funeral.

## IRON TRADE REVIEW.

Cleveland, O., Jan. 24.—The Iron Trade Review today says:

Although some interests, which mine ore and also make steel and finished products, are in favor of reaffirming ore prices of 1937, other companies, which do not have their own mines, strongly advocate a reduction in prices. As there are about 14,000,000 tons of ore on docks and in furnace yards—enough to meet the requirements of furnaces for several months after the opening of navigation—and as it is impossible to predict how strong the demand will be for ore mined this year, it does not seem probable that any action in regard to ore prices will soon be taken. Very little mining is being done this winter, the expectation is that the production for this year will fall much below that of 1937.

In finished lines there is very little new business. In structural material a great deal of work is being considered, but few contracts are being awarded. No reduction in prices of structural shapes is anticipated. The reduction in price of bar iron for western shipment by \$4 a ton, announced two weeks ago, has been followed by similar action for eastern shipment, and the new prices are being shaded in the central west. Numerous inquiries for cast iron pipe from municipalities are pending. New Brunswick, N. J., contracted for 200 tons of cast iron pipe at \$24.45 delivered. Bidders were present from as far south as Birmingham, from Massillon, O., and from many other east iron concerns.

**MOUNTAIN LION CAUGHT.**  
Marysville, Jan. 24.—A mountain lion weighing 125 pounds was captured Wednesday night in a trap on the farm of Walter Burnham, south of this city. Farmers in the neighborhood have lost a number of hogs and sheep this winter and could not account for it. The lion was shot.

**NILES GIRLS ENCLAVE WESTON.**  
Niles, Jan. 24.—Enthusiasm by walking fever, which has struck Niles since Edward Payson Weston sprang into national fame, 25 club girls of this city have arranged to walk from Niles to Girard Saturday afternoon. The distance is five miles. The girls will all start together and will time themselves. Any member failing to cover the distance within an hour will be compelled to entertain the party at a formal dinner.

## FOUR FIREBUGS UNDER ARREST

Elyria, O., Jan. 24.—Four alleged firebugs are in the custody of Deputy Monroe of the State fire marshal's office. Three brothers were arrested Friday on John Doe's warrants, following the testimony of a hostler, who turned State's evidence. The prisoners are charged with destroying the Beal livery stable, causing a loss of \$5,000.

## PHYSICIANS DISCUSS NEW THEORY

### Cooper's Views of Human Stomach Noted by Medical Men.

A recent article in the New Orleans Item gives an account of the effect upon the medical profession of that city with regard to L. T. Cooper's theory that the human stomach is responsible for most ill health. The article is as follows:

"The astonishing sale of Cooper's preparation in this city has now reached such immense figures that the medical fraternity have been forced into open discussion of the man's theories and medicines.

"The physicians seem to be divided with regard to the young man's success in New Orleans—some being willing to credit him for what he has accomplished, while others assert that the interest he has aroused is but a passing fad that will die out as quickly as it has sprung up.

"In a statement recently obtained from a well-known physician of this city, the position of those in favor of Cooper is well voiced. The doctor said: 'I am not a believer in proprietary medicines, but I must admit that some of the facts recently brought to my attention concerning this Cooper medicine have gone far toward removing the prejudice I had formed against them when I first heard of Cooper's new ideas and medicines.

"Numbers of my patients whom I have treated for chronic liver, kidney and stomach troubles have met me and stated that Cooper's medicine has accomplished wonderful results for them. I notice particularly in cases of stomach trouble that the man has relieved several cases that were of years' standing and proved very obstinate to treatment.

"I do not wish to stand in the way of something that may be for the public good, simply through professional prejudice, and I am inclined to give Cooper and his preparations credit as deserving to some extent the popular demonstration that has been accorded them in this city."

We sell the Cooper medicines. They are proving remarkable successful throughout the entire United States. City Drug Store.

## DEAF AND DUMB B. B. TEAM WHO WILL PLAY Y. M. C. A. SATURDAY NIGHT.

## OHIO LEAGUE

WILL BE A HUMMER ACCORDING TO THE INTEREST THAT IS MANIFESTED.

Manager Ransick of Springfield Gets Busy—Marty Hogan in Bad.

The new Ohio league is receiving words of encouragement from all over the state and President Quinn is feeling very good over the outlook. Although Springfield will have a stock company yet the papers of that city are encouraging the team which will be placed there by Manager Ed Ransick, of Cincinnati. The Sun is speaking of the outlook says:

"Springfield will be represented by a baseball team during the coming season, and all fandom should rejoice that one of the best and most capable minor league managers in the country will have charge of the team in the person of Edward J. Ransick, of Cincinnati."

Speaking of the outlook Mr. Ransick said:

"The proposed circuit is an ideal one in regard to mileage, as there will be no all night rides, for which the Central is noted. I cannot see how it will be a losing proposition, after having carefully looked the situation over, and I am perfectly content to spend my money to place a team here. All I will need is the support of the people and I can safely say that Springfield will have a team to compare favorably with any in the circuit. I am already looking for players and when the training season commences I will have a string of young and fast baseball players."

"This week's Sporting Life" will contain an ad. telling the players where I am located and asking them to write, sending terms. In this way I expect to hear from many more experienced players. Already I have letters from nearly a score and personally I know that many of them are A-1 baseball players. Then I propose to get a long list of exhibition games and the fans can have a chance to see some of the best teams in the country."

Under the guidance of President Quinn the new league is bound to be a hummer. Of course he isn't coming up to the season with an idea that it will be entirely free from trouble. He hopes to have as little of it as possible and his friends expect that his first administration of discipline will have a wholesome effect. President Quinn's policy for enforcing order has not been outlined fully. However, it is likely that he will call upon the manager of each club to act as a lieutenant in the work of keeping the team clamped tightly upon rowdism.

Poor Zanesville has started in with a row before the season has been launched. President Orr has threatened to resign because Marty Hogan "batted" upon his work at Ft. Wayne. After Orr had settled the trouble with the Canton people Marty got busy with the result that Zanesville loses the players which should have gone with the franchise, and as a consequence it will cost the Zanesvillians several thousands of dollars to fill in. The management is worthy and all kinds of trouble is predicted. That was just like Marty, thought he always did want to be the whole cheese.

Richmond may have two teams next season. Clarence Jessup does not want to give up his Indiana-Ohio team in this city. The Ohio State people have a capable man who is willing to take a chance. In the Indiana city of Mr. Jessup refuses to come over to the new league. Wonder how long his team would last with an attitude of ball which could begin to touch that out in the new league. The fans would seek the best for their money and a second team would not last very long.

Jack DeLombard may be back with the Akron team again this season. He writes that he expects to be

## MARTY IN BAD

Zanesville Manager "Butts In." and President Orr Threatens to Resign.

Zanesville, Jan. 24.—President George Orr of the Zanesville Central league baseball club, threatens to resign because Manager Marty Hogan assumed the authority to undo at the Fort Wayne meeting of the league what President Orr had worked so hard to accomplish.

When President Orr left Fort Wayne before the meeting was over, he had secured the Canton franchise and seven players on the Canton team, for which he agreed to give Canton \$500, and Bade Myers, the manager, and the remaining players were to be sold to make up the \$1000 which the league had guaranteed to pay Canton for the franchise.

Hogan claims that he relinquished all claim on the Canton players in consideration of the dropping of injunction proceedings instituted by Canton.

## HAMILTON

Knocks at the Door of New Ohio League—Will Invest \$10,000 in New Ball Park.

Hamilton, Jan. 24.—Hamilton will have a team in the Ohio State league. Local promoters Thursday evening fully decided to enter the organization and receive a franchise, which insures them a berth.

There was a large and interested gathering of the fans and much enthusiasm for the plan was expressed. Three-fourths of the money necessary to organize and run the team has been raised already, and there is no doubt that the remainder will be subscribed before it is needed. A deal has been practically closed for a park which is well located and will be fitted up in first class style. It is proposed to invest \$10,000 in it and to make it one of the best in the towns of the minor leagues.

President Quinn had been expected to attend the meeting, and there was a desire on the part of the men interested in the project to talk matters over with him, but he wired that he would be unable to attend the meeting.

It is expected that the leaders of the league will now turn their attention to Muncie and Richmond, Ind., both of which have been considered for berths in the organization, and are so ball towns.

Never hesitate to ask your doctor about Ayer's Cherry Pectoral. It is a regular medicine, a strong medicine, a doctor's medicine.

It would be very interesting to know how many years your family physician has prescribed Ayer's Cherry Pectoral for coughs, colds, and all forms of lung troubles. Ask him the next time you see him. We know physicians who have used it for over half a century. Lowell, Mass.

## COLUMBUS WON

Beat Out the Newark Lads by Score of 36 to 26—Teams Tie on Series.

Columbus, Jan. 24.—Familiarity with the Y. M. C. A. gym, basketball floor had something to do with the victory scored last night by the Columbus team over the one from Newark Y. M. C. A. by a score of 36 to 26.

Binns played the best game for Columbus team over the one from nearly all of those were on underhanded shots. Cullen and Woodward starred for the visitors.

This makes the two teams tied on the series and the third game will be played in the near future. Captain O'Ryan of Columbus, sprained his ankle and had to retire. Line-up:

Columbus 36. Newark 26.

Left Forward, Bell

Right Forward, Cullen

Center, Prior

Gray, O'Ryan, Grey, Woodward

Burgess, Grey, Taylor, Woodward

Schmidt, Boswell, Ramsey

Field Goals—Columbus 5, Binns 5, Schmidt 1, Boswell 2, Cullen 5, Prior 1, Woodward 4, Ramsey 2, Foul goals—Columbus 2, O'Ryan 2, Ramsey 2. Officials—Barrington and Lewis. Time of halves—20 minutes.

DENISON VS. OHIO STATE.  
Columbus, Jan. 24.—Ohio State's basketball team, in its third game of the season tonight at the gymnasium, will have its hardest test of the year, as the opposition will be produced by the Denison five, the one which defeated Ohio Wesleyan last Saturday night at Granville.

Play will be started at 8 o'clock. The decision to have the game in the evening was made for two reasons, viz., to give down-town people a chance to see the action without detention from business, and to bring in more coin than has been caught by late afternoon contests.

"Dr. Thomas' Electric Oil is the best remedy for that often fatal disease—croup. Has been used with success in our family for eight years."—Mrs. L. Whiteacre, Buffalo, N. Y.

## RELIGIOUS

Are a Number of Princeton's Football Players—Lead in Prayer and Y. M. C. A. Work.

Princeton, N. J., Jan. 24.—Few people are aware of the fact that many of the college football players are not alone prominent on the gridiron. Some turn their energies to honors in scholarship; some to literature; some to music; and as a fact a goodly proportion take up religious work while in college and are prime movers in the regular religious institutions of the university.

Going over a list of some of the gridiron stars in Princeton in the last few years it shows that many of them have led the prayer meetings of their class on Sunday evening, and have in other ways shown their interest in what is termed the ethical side of college life.

Tooker, who played end on Princeton's 1905 eleven, was president of the Philadelphia Society, the institution which corresponds to a Y. M. C. A. in Princeton.

James L. Cooney, perhaps one of the most famous athletes of the collegiate world in recent years, a football player of All-American honors, and captain of two championship baseball nines, led his class in prayer several times during the year and was a member of committees of the Philadelphia Society.

Donald Herrin, center on the 1904 team, was a religious worker, and is now a Rhodes scholar in Oxford.

Robert R. Galley, All-American center on Princeton's championship team in 1895, is in charge of the religious work of Princeton in Peking, China.

E. A. Dillon, the star quarterback of the last three years, who has been elected to captain the 1908 eleven, has always attended religious meetings here and has taken an active interest.

Of the last team which represented Princeton and played Yale the 12 to 10 games which will be entered in gridiron annals as one of the most famous struggles between the Tiger and the Bulldog, there were several men who have been leaders in religion.

## If You Are Sick

It is because some of the organs of the body are not doing their work well. There is a lack of that nervous energy that gives them motion. Consequently you are weak, worn-out, nervous, irritable, cannot sleep; have headache, indigestion, etc. because there is not sufficient nerve force to keep the organs active and allow them to perform their natural functions. Dr. Miles' Nervine restores health because it restores this nervous energy.

"I have been sick for a year, and did not know what was the matter with me. I tried many remedies and none of them proved of any value. I heard of Dr. Miles' Nervine. I procured a bottle, and before I had taken half of it I was better. I would have had nervous prostration if I had not got this medicine when I did. I continued to take it until I was entirely well. I have since recommended it to five of my lady friends, and they have all thanked me for doing so, for it benefited them all."

MRS. ROSE OTTO,  
189 S. 3d St., Columbus, Ohio.  
Dr. Miles' Nervine is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails, he will refund your money.

## MORTALITY RATE AMONG VETERANS IS INCREASING

OVER 4500 PENSIONERS HAVING DIED DURING THE FISCAL YEAR

Next Largest Appropriation in History of System to be Asked in Gen. Keifer's Bill.

Washington, Jan. 24.—Congress will be required to appropriate more money for the payment of pensions this year than in any other year since the pension system was established, with one exception. The pension appropriation bill for the fiscal year 1908-9 is now nearly completed, and the subcommittee of the house committee on appropriations, which is drafting it, and of which General J. Warren Keifer of Ohio, is chairman, expects to report it in a few days. The bill will carry approximately \$150,000,000, as compared with \$146,000,000 for the current year. This is the largest sum since 1893, when \$161,774,000 was appropriated for this purpose.

The increase of nearly \$5,000,000 for 1908 was necessitated by the passage of the Macumber service pension law, so called, which entitles all the survivors of the Civil War of 62 years of age or over, to a pension whether injured or incapacitated or not.

It is estimated that the Macumber act is costing the government about \$20,000,000 a year, although this will gradually be reduced on account of the heavy mortality rate among the old soldiers. The net decrease from June 20, 1906, to June 30, 1907, was 17,608, an average of nearly 50 a day. The gross decrease during the fiscal year 1907 was 49,634, of which number 45,756 was caused by death.

## HALF A CENTURY OF SUCCESS

When the Reverend Father John O'Brien of Lowell, Mass., recommended to his parishioners and friends the prescription that had restored him to health and strength, the people named it Father John's Medicine, and so it became known and was advertised, with his knowledge and approval. The prescription of an eminent specialist, it is pure and wholesome, and free from poisonous narcotics or nerve deadening drugs in any form—not a patent medicine. Its power to make strength and build up the body explains why it has been so successful for fifty years in curing colds and all throat and lung troubles.

## "HIKED"

DISTANCE OF TEN MILES TO JAKE SHRADER'S RATHER THAN TAKE CARE.

Frank and Fred Christian, Peter Beutlich and Bun Messmore the Guests of Capt. Bell.

Frank and Fred Christian, Peter Beutlich and Bun Messmore demonstrated Thursday that they will not take a dare. They also proved that they are disciples of Weston and believe thoroughly in pedestrianism.

During the early morning hours the above gentlemen ran across their friend, Capt. "Bob" Bell, of the patrol station.

"Good morning, boys; nice day for a little stroll," said the genial captain.

"It is that," said one of the aforesaid Westerners. "We were just thinking about strolling down to Bruno and taking dinner with Jake Shrader."

"If you do I'll stand for the dinners and meet you there this afternoon at 3 o'clock," answered Captain Bell.

"Agreed: we'll meet on there."

The four candidates for pedestrian honors left the square at 12:10 o'clock and started down the railway tracks for the reservoir. It was snowing and blowing, in fact there was evidently a blizzard in the air, but they were undaunted and faced their long tramp of ten miles with smiling faces.

In the meantime Capt. Bell boarded the afternoon train and started to make good his offer, having previously found out that the men had started on their hiking journey. He took a seat in the rear coach and kept a lookout for his friends along the track. When within a mile of Bruno the train passed them and the captain

says they were sitting on the top rail of a fence all huddled up and looked as if they were nearly frozen. It was snowing and blowing, and when a short time later they arrived at Schrader's it took an hour to thaw them out and the assistance of three men to rub them down and get them in shape for the fine supper of chicken and fish which the captain had prepared for them. After it was over Captain Bell suggested that they walk back and he would stand for the supper at Kuster's, and they all exclaimed in unison, "No more Weston stunts in ours. The steam cars are good enough for us. When we want any more walking exercise we will take it out walking home to our meals."

The gentlemen all returned on the 8 o'clock train and are receiving the congratulations of all their friends on their wonderful endurance stunt.

## HIGH SCHOOL NOTES

Newark has an opportunity to see the finest troupe of Shakespearean players now on the stage. The Ben Greet players will probably come to Granville in March and would come to Newark for an evening performance. A certain amount, however, must be pledged—600 tickets at 50c each would pay the expenses. This is a very low figure and we can only get them at this price because of the engagement in Granville in the afternoon. These players play in the summer time in the woods with the natural scenery and camp out to add realistic touches to their work. In winter they must of course perform in theatres. They give the plays with the scenery costuming it as in Shakespeare's time. They have appeared at all the leading colleges in the East, and were in Columbus at the university a year or two ago.

It would indeed be strange if Newark does not embrace this opportunity to hear them when a small town like Granville can bring them there.

Four years ago Mr. Ben Greet, who has been famous for his out-of-doors presentation of Shakespeare's pastoral plays, came to America, bringing his charming company of English youths and maidens. In England the company has acted much at Oxford, Cambridge, London royal botanical gardens, under the patronage and presence of the Prince and Princess of Wales; at Carls broke castle on the Isle of Wight, and at the most beautiful ancestral homes of Shakespeare's England. "Lowther Lodge, Wilton park", where "As You Like It" is said to have been written and first acted; Ashbridge, where Princess Elizabeth lived before she became queen; Royston and Warwick castle. The first pastoral given by the actors in America was at Columbia university, their repertoire including "As You Like It," "A Midsummer Night's Dream," "The Tempest," "Twelfth Night," "Much Ado About Nothing," and the "Merry Wives of Windsor." The company being almost entirely English its members have that love of outdoor life and things which is inherent in their countrymen, and their fondness for the open air has made them practiced to a degree which Americans have not yet attained in being happy and comfortable when out of doors.

Mr. Greet's idea of playing Shakespeare out of doors was inspired not less by his interest in a revival of true Elizabethan presentations than by the artistic possibilities of pastoral art. Recognizing the superiority of natural scenery to artificial, of real trees and sky to painted ones, and appreciating the poetic value of forest settings for Shakespeare's forest folk, Mr. Greet has achieved by perfectly simple means an art which though stripped of every convention, is at once exquisite and satisfying.

Miss Edythe Hall is quite ill at her home on Locust street suffering with a severe cold.

James Cooper has withdrawn from the senior class until the second semester.

Miss Helen Blood has been absent a few days from the junior class.

Burrell Ruffner, who is still sick with the grip, is slowly improving.

Misses Kate Brooks and Gladys Meador have been absent the past week from the sophomore class.

Miss Carrie Allen, Latin teacher, is quite ill at her home on Hudson avenue.

Elmer Jones has been absent a few days from the sophomore class.

Miss Bessie Lake is absent on account of sickness.

Misses Edith and Leah Ginter, formerly of Vincennes, Ind., have lately moved to Newark, and both are enrolled in the Newark high school, the former a senior and the latter a sophomore.

## The EDISON PHONOGRAPH

ONE of the greatest things Mr. Edison has done is to produce in his Phonograph an entertainer which is as much at home in the cottage as in the palace, which is just as good at rendering the latest popular song or a lively waltz as it is in giving grand opera. It is the popular entertainer in every sense of the word, and its price, either cash down or on the weekly payment plan, brings it within reach of all.

Hear it at your nearest dealer's or write to us today for illustrated booklet about it.

## February Records Out Tomorrow

THE way to get pleasure out of an Edison Phonograph is to keep on using it. The Phonograph is new every time you put a new Record in it. New Records are issued every month. All the great popular hits, vocal and instrumental, and a certain amount of classical music that never grows old, are issued every month in Edison Gold Moulded Records. Here is the list for February. ### DETECTIVES GUARD GIFTS FOR WEDDING

VALUE OF PRESENTS AT VANDERBILT HOME IS ABOUT MILLION DOLLARS.

Rehearsal of the Ceremony on Thursday Attended by Entire Nuptial Party—Wedding Monday.

New York, Jan. 24.—Pinkerton detectives were engaged Thursday to guard the Vanderbilt mansion for the wedding of Miss Gladys Vanderbilt and Count Szechenyi, which will take place next Monday.

The wedding presents will be exhibited, but it is not believed that a list will be given out. It is estimated that a value of these gifts will approximate at least \$1,000,000.

Despite the oft-printed report that invitations for 400 guests would be issued, Mrs. Vanderbilt has decided definitely on but half that number.

Preparatory to the wedding there was a rehearsal yesterday of the ceremony at the Vanderbilt mansion.

The Count took his place beside his bride-elect, just as he will on the day of the wedding, and the chancel choir and also the quartet of St. Patrick's Cathedral went through the march and rehearsed the music to be heard at the wedding.

The marriage ceremony proper will be performed by Mgr. Lavelle, with Rev. J. J. Byrne of St. Patrick's, as master of ceremonies.

Reginald Vanderbilt, the youngest son, instead of Cornelius, the eldest, will take the honorary position of head of the family next Monday at noon and give away his sister Gladys. Cornelius, it was said, had declined the honor, giving as reason an illness of his mother-in-law, Mrs. Wilson.

### MEN'S LEAGUE ELECTS OFFICERS

At the regular meeting of the Men's League of the First M. E. church, the old officers were elected as follows: President, A. S. Mitchell; vice president, E. S. Randolph; secretary, C. D. Paramount; treasurer, John S. Price.

Interesting addresses were made by M. R. Scott of "Prison Reform" fame, and J. D. Simkins, superintendent of the Newark public schools, in "What Constitutes a State." The music for the occasion was furnished by a male quartette consisting of Messrs. B. F. McDonald, Carey Ferguson, Merl Marshall and Fred J. Cosway.

### WALSH IN GOTHAM TO RAISE MONEY

New York, Jan. 24.—To raise money for his defense on the new fight to set aside the conviction for bank robbing is said to be the purpose of John R. Walsh's visit to this city. Walsh is also understood to be seeking funds to finance his Indiana railroad, so that it will not be affected in case the higher courts decide against him. Much mystery is being made of his visit, however, and many wild guesses as to his objects have been indulged in.

A cup of coffee, a bit of sausage, and Mrs. Austin's buckwheat cakes is a breakfast fit for a king.
